大型综合水上游乐项目，将水上滑梯、喷水设备、水上乐园配件、互动戏水项目结合于一整体构架中，各个不同高度的平台通过楼梯、网桥、攀爬网、隧道等迂回曲折地相互连通，让孩子在其中流连忘返，体验滑水、冲淋、攀爬等各种运动效果，针对并满足儿童游乐的多种需求。

Large-scale integrated water recreation projects, water slide, sprinkler equipment, water park accessories, mutual-Platform of different heights passes through stairs and nets. Bridges, climbing nets, tunnels and other circuitous interconnections allow children to linger in them and forget to return. Experience the effects of water skiing, sprinkling, climbing and other sports, aiming at and satisfying children's amusement demand.

水上游乐设备以喷水、滑梯、旋转等形式出现，出于对儿童安全的考虑，体积相对较小，除了带给小孩欢乐外，而且通过一些创意游戏以及巧妙运用声、光、气、水、色彩组合达到娱乐早教锻炼孩子的目的。Water amusement equipment appears in the form of water spraying, sliding and rotating. For the sake of children's safety, it is relatively small in size. Besides bringing joy to children, it also uses some creative games as well as skillful use of sound. The combination of light, air, water and color can achieve the goal of entertainment, early education and exercise for children.

Stepping on the bicycle will exercise the heart and lung function, improve lower body strength and improve overall endurance. Exercise on the bicycle has the same effect. This exercise not only makes the lower limb hip, knee, ankle, 3 parts of joints and 26 parts of muscles benefit, but also can make the neck, back, arm, abdomen, waist, groin, buttocks and other muscles. The joints and ligaments have been trained accordingly. In addition, it can also train children's balance ability. Exercise is a child's nature, while riding a bicycle can promote the development of children's movements, balance ability, and the more they ride, the more natural the development of children's sports talent.
