

ABOUT US

Our company is a hospitality furniture founded by Australian and Chinese business partners.

Located in the heart of Guangzhou, made liaises with a range of manufacturers to bring the best price at the highest possible quality.

Our products allows its clients to access the Chinese market without the risk and hassle of trying to organise, chase, and quality control manufacturers. We understand how to get the best out of our manufacturers, as well as how to deliver the services our Western clients need.

We offer our client for a better prices, custom items, and high quality, China is the best place to looking for products, and our company is the best company to provide those items.

OUR PROCESS

Our goal is to streamline the process so you can focus on what you need to do.

It can be as simple as:

1. Send a list of the items you want
2. Finalise details around materials and finishes
3. Pay the deposit
4. Confirm the final products and make the balance payment
5. Liaise with the delivery company regarding delivery dates

All of our project managers are fluent English speakers, so you don't need to worry about communication issues or confusion.

Quality Control and Consolidation

We employ a range of quality control staff to make sure your items meet commercial standards and are free from defects, and our products come with a warranty to reflect that. If we are developing your own designs, we can give advice on modifications that may improve function, form, or price.

Most projects, small or large, require a range of manufacturers. As part of our services, we consolidate the order, which means that you don't need to worry about complicated logistics.

OUR FACTORIES

Our factory must satisfy our ethical and moral requirements in a range of areas including environmental and labour. We do not tolerate unethical labour sourcing, such as child labour, or labour abuse. Moreover, and in line with Australian import requirements, we perform due diligence on the sourcing of wood used for its products.

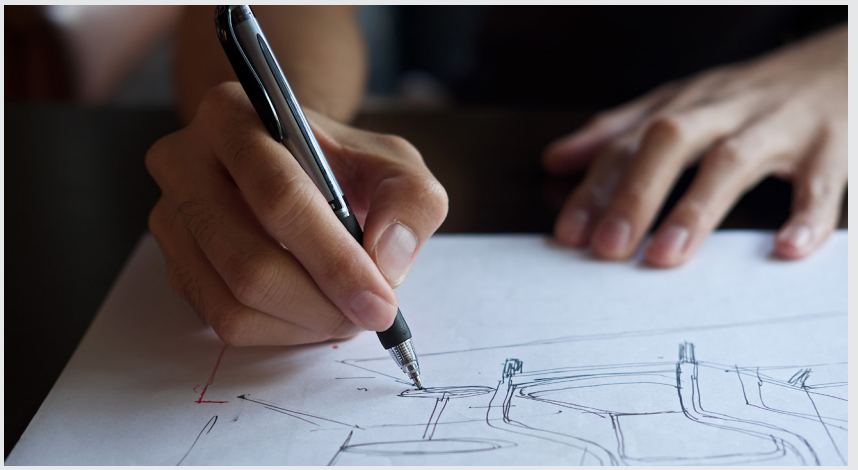

OUR PRODUCTS

Your design needs to be unique.

You need furniture that brings together the whole venue. Furniture that is practical for each part of your fitout but at the same time coordinated to express your design. You need to be able to start with a base and then customise to your liking. And that is what we brings!

With over a thousand designs on show, our products have a fantastic selection to provide you with inspiration. And every one of those items can be customised with your choice of fabric and finishes creating a nearly unlimited range. And if you don't see what you are looking for? No problem! Send us your designs and we will custom make them for you.

To complement all your free-standing furniture, Serenity Made also supplies booths and banquet seating. Work with our talented project coordinators to develop the right measurements and style that you need.

“

Communication about job progress including pictures was outstanding... We were thrilled with the quality of the furniture and how it looked.
